

Technical Specification

MultiTask Surface Cleaner - MultiClean™ Presaturated Wipes

- Removes solder paste, flux residues, finger prints, uncured epoxy residues, light oils and grease
- Most economical
- Water and alcohol mix
- ESD-safe
- No rip. No lint. Heavy-duty wipe.
- Unique "slam-shut" package for extra long service life

Product Information

The MultiTask Surface Cleaner - *MultiClean™* presaturated wipes provide fast and safe cleaning in almost any production environment. Using a strong, shred-proof disposable wipe saturated with high purity isopropyl alcohol and deionized water, it is well suited for cleaning medical devices, electronics and any surface that requires hygienic grade cleaning. Versatile, it cleans most solder pastes and fluxes found in electronics production. It also cleans organic and ionic residues, light oils and other contaminants commonly found in the manufacture of medical devices. With excellent materials compatibility it is both safe and easy to use.

Money-saving refills are available from MicroCare (image to the right). These contain the same wipes and fluid as the tubs above, but reduce costs and help protect the environment by encouraging the re-use of packaging.

AVAILABILITY: Stocked locally by MicroCare distributors world-wide. Contact MicroCare for a distributor near you. For more information contact MicroCare directly or visit www.MicroCare.com.
